

Cookie Policy

How cookies and similar technologies are used on Fuego's website.

Last updated: 10 August 2026 | Website: www.fuegospecialisedsystems.co.uk

This Cookie Policy explains how Fuego Specialised Systems Ltd ("Fuego", "we", "us" or "our") uses cookies and similar technologies on our website. It should be read together with our Privacy Policy.

1. What are cookies?

Cookies are small text files stored on your browser or device when you visit a website. They can help a website operate securely, remember choices, provide requested features and understand how the site is used.

Some cookies last only for the browser session and are deleted when you close the browser. Others remain for a stated period or until you delete them. Cookies may be placed by Fuego's website platform (first-party cookies) or by an external service used on the site (third-party cookies).

2. How we use cookies

The website may use the following categories:

Category	What it does	Choice
Essential	Supports security, fraud prevention, network management, page rendering, forms, sessions and saved cookie choices.	Always active where legally exempt because the site cannot operate properly without it.
Functional	Provides optional features or enhanced functionality, including certain third-party tools or embedded content.	Used only after consent unless a specific legal exemption applies.
Analytics	Helps us understand visits, page performance and how people use the site, for example through Wix Analytics or another analytics tool if enabled.	Used only after the relevant consent is given.
Marketing	Measures campaigns or supports advertising and audience tools if Fuego adds such an integration in the future.	Used only after the relevant consent is given.

Fuego does not treat continued browsing, scrolling or silence as consent to non-essential cookies. Where consent is required, you choose through the website's cookie banner or settings panel.

3. Essential cookies used by Wix

Our website is built and hosted using Wix. As at the date of this policy, Wix states that the following essential cookies may be placed on Wix websites. The cookies actually present can vary according to site features, browser, security requirements and Wix platform changes.

Cookie	Purpose	Duration
XSRF-TOKEN	Fraud detection for calls	Session
hs	Security for Wix Hive (legacy)	Session
svSession	Security, stability and core site operation	12 months
SSR-caching	Performance and page rendering	24 hours
TS*	Attack detection	Session
bSession	Platform and system effectiveness measurement	24 hours
fedops.logger.sessionId	Tracks session errors and resilience issues	12 months
_wixAB3 *	Wix site experiments	6 months
server-session-bind	API protection	Session
client-session-bind	API protection	Session
oAuthState	Session identification	Session
wixSession	Security, stability and core site operation	12 months
sec-fetch-unsupported	Indicates browser limits affecting site security features	Session

This table is based on Wix's published cookie information and is not a substitute for checking the live website. Wix may change its technologies, names or durations.

4. Additional cookies and third-party services

Wix apps, embedded maps or media, analytics tools, marketing integrations and custom code can introduce additional cookies or similar technologies. If Fuego enables any such service, it will be reviewed and placed in the appropriate consent category.

The live cookie settings panel on our website provides the most current information available from the website's consent-management scan, including relevant providers, purposes and retention periods. A third-party provider may also explain its own use of information in its privacy or cookie notice.

5. Our legal basis

Under the Privacy and Electronic Communications Regulations (PECR), technologies that are strictly necessary for a service requested by the visitor may be used without consent where the relevant exemption applies. Where the use also involves personal information, Fuego relies on its legitimate interests in operating a secure and functional website, balanced against visitors' rights.

For non-essential cookies and similar technologies, we rely on consent. You can refuse or withdraw consent without losing access to the main informational content of the website. Withdrawing consent does not affect the lawfulness of processing that occurred before it was withdrawn.

6. Managing your cookie choices

You can manage cookies in several ways:

- Use Cookie Settings on the website to accept, reject or change optional categories.
- Use your browser controls to block, view or delete stored cookies.
- Use privacy or tracking controls provided by a relevant third-party service.

Blocking essential cookies may prevent forms, security features or other parts of the website from working correctly. Deleting cookies may also remove a saved consent choice, meaning the banner appears again.

7. How long cookies remain

The expected duration of Wix's essential cookies is shown above. Any additional cookie duration should be shown in the live cookie settings panel. We review cookie use when site features or integrations change and remove technologies that are no longer needed.

8. Changes to this policy

We may update this policy if the website, Wix platform, connected services or legal requirements change. The latest version will appear on the website with a revised update date.

9. Contact us

Fuego Specialised Systems Ltd is responsible for the use of cookies on this website. For questions or concerns, use the contact details or enquiry form on our website's Contact page and mark the message "Privacy".
